2. *Urges* Parties to implement measures to address the threats posed to the populations assessed according to the list above, with particular regard to Critically Endangered and Endangered populations, and to update their national Red Lists;
3. *Recommends* that the draft Conservation Management Plan for common dolphins pays special attention to the Gulf of Corinth common dolphins that have been newly assessed as “Critically Endangered”;
4. *Strongly urges* Parties and *asks* non-Parties to pay particular attention to those “sub-populations” that have been assessed as Critically Endangered or Endangered or Vulnerable and to take appropriate conservation actions, including in case of species for which Conservation Management Plans have not yet been developed;
5. *Calls on* Parties to take into account the military and anthropogenic impacts of military operations during the implementation of Conservation Management Plan in the Black Sea;
6. *Decides* that the present Resolution replaces Resolutions 3.19 and 6.15.
